

# Share A Good Thing

**PASS THE WORD** - How do we get more non-Lions to help us, too? There's something new you can use to share our story—with relatives, friends, associates, community leaders, club fundraiser attendees, even new members—to highlight our vision of dedicated humanitarian services in Wisconsin: improving lives, one life at a time. Use this simple, but powerful new brochure to quickly explain what your WLF does for Wisconsin citizens. It features high quality action pictures of Camp and our other statewide projects along with a brief explanation and a donation form. Please call or email the Pride office for a preview copy; after you've had a chance to review it, just let us know how many copies you'd like to pass on to others.
