

Who Do You Work For?

As Lions, we work for our communities and causes with whatever time our schedules permit. We all have/had a regular day job, and many employers have matching funds programs. Therein lies a promise that may be in your power to point to the WLF Lions Pride Endowment Fund

The Lions Pride Endowment Fund, it's today's help, tomorrow's hope for the future of the Wisconsin Lions Foundation. Its success depends on personal giving from Lions, Lioness and their friends.

The promise? It's your personal gift to Pride—multiplied by matching funds from your employer and often, previous employer if you're retired. The multiplier effect can boost the value of your donation by half,

double, or even more.

All it takes is an inquiry of your human resource department about matching gift benefits (if they don't have one, you could encourage its consideration). They'll likely ask you to complete a simple application to accompany your check (payable to WLF Lions Pride Endowment Fund); the Lions Pride office completes the form and returns it to your employer that triggers the additional donation on your behalf.

Something more to consider is that spouses can often also apply to their employer. Also, some employers will still match a gift even after the fact. Check with them to see if your donation qualified. Feel free to call the Pride Office at 715-677-7000.
